Request for Qualifications Shoreline Bulkhead Removal/Restoration

Response Due: March 2, 2023

Services

Kitsap County Department of Community Development (DCD) is seeking to enter into a professional contract for **the design** of a bulkhead removal and shoreline restoration on two privately owned, adjacent properties (in same ownership) with a willing landowner. This design project is funded by a Puget Sound Acquisition and Restoration Program grant from the Washington State Recreation and Conservation Office.

Project Description

- This design project is a collaborative effort between Kitsap County and a Landowner to design a voluntary, shoreline restoration project on the Landowner's private shoreline. The project site is two adjacent, private parcels on Puget Sound in Dyes Inlet. The currently armored shoreline extends approximately 300 linear feet with a 6 to 7-foot-tall basalt rock bulkhead. The rock bulkhead runs along the edge of a section of a 12.5-acre embayment. This embayment is a high priority nearshore habitat with saltmarsh vegetation and a natural barrier spit. The County project manager maintains frequent communication with the Landowner, and the Landowner has indicated willingness for this project to proceed and has signed a Temporary Access Easement Agreement. Throughout the design process, the County project manager will facilitate communication between the Landowner and the chosen consultant.
- To date a geological memo on bulkhead removal feasibility has been completed. A cultural resources survey has indicated no cultural resource findings (2023). A licensed survey of the property was conducted on the property boundaries (CAD file available, 2019). A wetland report was conducted (2019) and indicated no wetlands on site; however, some wetland buffer area does extend onto the project site. (Reports are available upon request).

The **objectives** are to design a restoration project that:

1. Removes the rock bulkhead and restores natural sediment and transport (beach) processes and marine riparian habitat, while providing for homeowner waterfront access and use.
2. Uses 'soft-shore alternatives' for shore protection *when necessary and appropriate*. Soft shore techniques will follow the Marine Shoreline Design Guidelines (MSDG, 2014). Will also include engineered wing-walls (i.e. return wall) if necessary to protect neighboring properties.
3. Includes a native (plants) planting plan for the marine riparian buffer suitable for the embayment habitat type.

Scope of Services

These services include:

- Basis of Design (BOD) report per RCO Manual 18 (2023) definition and standards for the bulkhead removal-shoreline restoration project. One draft BOD report will be submitted for County review before the report is finalized.
- The BOD will include an alternatives assessment which describes three conceptual alternative designs and evaluates for the preferred design.
- The preferred design will include design sheets, construction specifications and quantities and a reasonable engineer's opinion of cost (EOC). The preferred design will be at minimum a 30% preliminary design level and be ready for permitting. The design plans will be stamped by a professional engineer. If needed, up to two review cycles for the preferred design will be provided for the County project manager and the Landowner to submit feedback.
- Additional surveying for the shoreline area elevations and topography (mostly below existing bulkhead) will be completed to enhance the existing licensed survey. This will be done to create an accurate base map for design.
- Investigation of outstanding geotechnical considerations needed for developing comprehensive design plans. Potential items to be addressed if deemed necessary may include: soils, surface /ground water flow and analysis, borings etc. This geotechnical assessment/memo/report will be included in the BOD's appendix.
- Meetings (in-person and virtual) with the Landowner and County project manager to discuss goals, conceptual designs, alternative design options and preferred option and to gather feedback.

Project Schedule

Working with the County project team and Landowner will begin upon selection and will continue until the final design is complete with the anticipated completion date on or before June 16, 2023. The final budget will be determined after the close of the RFQ based on the responses submitted.

Qualifications and Experience

The experience required for a successful applicant is listed below:

- Demonstrated expertise in coastal restoration design and implementation.
- Demonstrated expertise in coastal processes, embayment and estuarine dynamics.
- Demonstrated expertise in coastal geology and geotechnical engineering.

- Demonstrated expertise in designing and implementing soft-shore protection alternatives to hard armor structures in the marine environment.
- Demonstrated expertise in working collaboratively with partners and clients in order to incorporate all parties' interests into the design.
- Demonstrated expertise of meeting project timelines and deliverables within estimated budgets.

Evaluation Criteria

The Statement of Qualifications (SOQs) will be evaluated and ranked based on the criteria listed below. The County reserves the right to give each criterion such weight as it deems appropriate.

- Experience conducting similar projects
- Ability to produce project deliverables in a timely, effective manner and within proposed budget
- Experience and background of the project manager on similar projects with proposed team members
- Ability to provide dedicated staff given a compressed project timeline

Consultant Selection Process

Kitsap County intends to select a consultant based on the qualifications and abilities of the firm and key staff. A team of County staff will evaluate the SOQs, and conduct interviews according to the evaluation criteria and the three-part process described below:

Part 1

Evaluation of the written Statement of Qualification (SOQ) package submitted by each Proposer resulting in a short-listing of Proposers who will be invited to an interview.

Part 2

Phone interviews will be conducted. Proposers will be evaluated on the interview in addition to the SOQ.

Part 3

The County's evaluation team makes a recommendation to the Community Development Director to obtain approval to begin negotiations with the selected Proposer. Contract negotiations shall then commence with the selected Proposer. Proposers not selected will be notified in writing of the selection outcome. If the selected Proposer and the County are unable to agree on the final scope and fee for the design services for the contract, the County reserves the right to terminate the negotiations with the selected Proposer and initiate contract negotiations with the next highest rated Proposer.

Interviews

Following evaluation of the SOQ's, the highest-ranking firms will be invited to participate in the interview process. The County will notify proposers as soon as possible for scheduling of interviews. The project manager will schedule interviews with the contact person provided in the SOQ. Additional interview information shall be provided at the time of the invitation. The intent of the interviews is to help clarify and verify information provided in the SOQ and to give the evaluation team an opportunity to meet the project manager and key personnel to learn more about their relevant experience and expertise.

The County, at its sole discretion, may choose to skip the interview process and go straight to negotiations based on the strength of a written proposal alone.

Contract Negotiation Process

Contract negotiations will begin immediately after the selection process is complete. A standard Kitsap County agreement will be utilized for this project. This will be a "Fixed Fee" Contract. The contract will also include the Landowner. As such, negotiations will include the Consultant, Landowner and the County.

Claim includes any infringement of copyright, patent, trademark, or other proprietary rights of any third parties arising out of Contract performance or use by the County of materials furnished or work performed under the Contract.
- 5.5. Obligations/Notice of Claim. The County will provide the Contractor notice of the assertion of liability by a third party that may give rise to a Claim by County against the Contractor based on the indemnity contained herein. The Contractor shall respond to the County's tender of defense of a claim in writing within fourteen (14) calendar days from the notice date, and will advise the County if the Contractor accepts or denies tender of the claim. The County may in its discretion withhold all or part of any payment due the Contractor under the Contract until the Contractor responds to such notice. The Contractor shall keep the County timely and fully informed through all stages of the defense and promptly respond to and comply with County's requests for information. The County at all times reserves the right, but has no obligation to participate in the defense and settlement of any Claim. Such participation shall not constitute a waiver of the Contractor's indemnity and defense obligations under the Contract. The Contractor shall not settle or compromise any

Claim in any manner that imposes any obligations upon the County without the prior written consent of the County. The Contractor shall promptly advise the County of any occurrence or information known to the Contractor that could reasonably result in a Claim against the County. The violation of any provisions of this Section, including improper refusal to accept tender, is a material breach.

SECTION 6. INSURANCE

- 6.1. Minimum Insurance Required. The Contractor and its subcontractors, if any, shall procure and maintain, until all of the Contract obligations have been fully discharged, including any warranty period, all insurance required in this Section with an insurance company duly licensed in Washington State with an A.M. Best Company ratings of not less than A-VIII and a category rating of not less than "8", with policies and forms satisfactory to the County. Use of alternative insurers requires prior written approval from the County. Coverage limits shall be at minimum the limits identified in this Section, or the limits available under the policies maintained by the Contractor without regard to the Contract, whichever is greater.
- 6.2. Professional Liability. Not less than \$1,000,000 per claim and \$2,000,000 annual aggregate. Coverage will apply to liability for professional error, act or omission arising out of or in connection with the Contractor's Services under the Contract. The coverage shall not exclude bodily injury, property damage or hazards related to the work rendered as part of the Contract or within the scope of the Contractor's services under the Contract, including testing, monitoring, measuring operations or laboratory analysis where such Services are rendered under the Contract.
- 6.3. Commercial General Liability ("CGL"). Not less than \$1,000,000 per occurrence and \$2,000,000 annual aggregate. Coverage shall include personal injury, bodily injury, and property damage for premise-operations liability, products/completed operations, personal/advertising injury, contractual liability, independent contractor liability, and stop gap/employer's liability. Coverage shall not exclude or contain sub-limits less than the minimum limits required herein, without the prior written approval of the County. The certificate of insurance for the CGL policy shall expressly cover the indemnification obligations required by the Contract.
- 6.4. Automobile Liability.
- Contractor shall maintain personal automobile insurance on all vehicles used for Contract purposes as required by law.
 - Not less than \$100,000 per occurrence and \$300,000 annual aggregate. If a personal automobile liability policy is used to meet this requirement, it must include a business rider and cover each vehicle to be used in the performance of the Contract. If Contractor will use non-owned vehicles in performance of the Contract, the coverage shall include owned, hired, and non-owned automobiles.
 - Not less than \$1,000,000 per occurrence and \$2,000,000 annual aggregate. Coverage shall include liability for any and all owned, hired, and non-owned vehicles. Coverage may be satisfied with an endorsement to the CGL policy.

- 6.5. Umbrella or Excess Liability. The Contactor may satisfy the minimum liability limits required for the CGL and Automobile Liability under an Umbrella or Excess Liability policy. There is no minimum per occurrence limit of liability under the Umbrella or Excess Liability; however, the annual aggregate limit shall not be less than the highest "Each Occurrence" limit for either CGL or Automobile Liability. The Contractor agrees to an endorsement naming the County as an additional insured as provided in this Section, unless the Umbrella or Excess Liability provides coverage on a "Follow-Form" basis.
- 6.6. Workers' Compensation and Employer Liability. If applicable, the Contractor shall maintain workers' compensation insurance as required under the Title 51 RCW (Industrial Insurance), for all Contractor's Personnel eligible for such coverage. If the Contract is for over \$50,000, then the Contractor shall also maintain employer liability coverage with a limit of not less than \$1,000,000.
- 6.7. Primary, Non-Contributory Insurance/Subcontractors. The Contractor's and its subcontractors' insurance policies and additional named insured endorsements will provide primary insurance coverage and be non-contributory. Any insurance or self-insurance programs maintained or participated in by the County will be excess and not contributory to such insurance policies. All Contractor's and its subcontractors' liability insurance policies must be endorsed to show as primary coverage. The Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All subcontractors shall comply with all insurance and indemnification requirements herein.
- 6.8. Review of Policy Provisions. Upon request, the Contractor shall provide a full and complete copy of all requested insurance policies to the County. The County reserves the right without limitation, but has no obligation to revise any insurance requirement, or to reject any insurance policies that fail to meet the requirements of the Contract. The County also has the right, but no obligation to review and reject any proposed insurer providing coverage based upon the insurer's financial condition or licensing status in Washington. The County has the right to request and review the self-insurance retention limits and deductibles, and the Contractor's most recent annual financial reports and audited financial statements, as conditions of approval. Failure to demand evidence of full compliance with the insurance requirements or failure to identify any insurance deficiency shall not relieve the Contractor from, nor be construed or deemed a waiver, of its obligation to maintain all the required insurance at all times as required herein.
- 6.9. Waiver of Subrogation. In consideration of the Contract award, the Contractor agrees to waive all rights of subrogation against the County, its elected and appointed officials, officers, employees, and agents. This waiver does not apply to any policy that includes a condition that expressly prohibits waiver of subrogation by the insured or that voids coverage should the Contractor enter into a waiver of subrogation on a pre-loss basis.
- 6.10. Additional Insured, Endorsement and Certificate of Insurance. All required insurance coverage, other than the workers' compensation and professional liability, shall name the County, its elected and appointed officials, officers, employees, and agents, as additional insureds and be properly endorsed for the full available limits of coverage maintained by Contractor and its subcontractors. Endorsement is not required if the Contractor is a self-insured government entity, or insured through a government risk pool authorized by Washington State.

The Certificate of Insurance and endorsement shall identify the Contract number and shall require not less than thirty (30) days' prior notice of termination, cancellation, nonrenewal or reduction in coverage. At the time of execution, the Contractor shall provide the Certificate of Insurance, endorsement, and all insurance notices to: Risk Management Division, Kitsap County Department of Administrative Services, 614 Division Street, MS-7, Port Orchard, Washington 98366.

- 6.11. General. The coverage limits identified herein are minimum requirements only and will not in any manner limit or qualify the liabilities or obligations of the Contractor under the Contract. All insurance policy deductibles and self-insured retentions for policies maintained under the Contract shall be paid by the Contractor. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the County, its elected and appointed officials, officers, employees, or agents. The Contractor's insurance shall apply separately to each insured against whom a claim is made or suit is brought, subject to the limits of the insurer's liability.
- 6.12. Claims-Made. If the Contractor's liability coverage is written as a claims-made policy, the Contractor shall purchase an extended-reporting period or "tail" coverage for a minimum of three (3) years following completion of the performance or attempted performance of the provisions of this Contract.

- 8.2. Successors and Assigns. To the extent permitted by law, the Contract is binding on the parties' respective partners, successors, assigns, executors, and legal representatives.
- 8.3. Assignments. Except with the prior written consent of the other party, each party shall not assign or transfer, including by merger (whether that party is the surviving or disappearing entity), consolidation, dissolution, or operation of law any right, duty, obligation, or remedy under the Contract. Any purported assignment or transfer in violation of this section shall be void.
- 8.4. Subcontracts. The Contractor shall provide the County a list of all subcontractors and the subcontractors' proposed responsibilities. "Subcontract" means any contract, express or implied, between the Contractor and another party or between a subcontractor and another party delegating or assigning, in whole or in part, the making or furnishing of any material or service for the performance of the Contract. All subcontracts shall incorporate by reference the terms and conditions of this Contract. The Contractor is solely responsible for the performance and payment of its subcontractors.
- 8.5. Independent Contractor. Each party under the Contract shall be for all purposes an independent contractor. Nothing contained herein will be deemed to create an association, a partnership, a joint venture, or a relationship of principal and agent, or employer and employee between the parties. The Contractor shall have complete responsibility and control over its Personnel. Neither the Contractor nor its Personnel shall be, or be deemed to be, or act or purport to act, as an employee, agent or representative of the County. The Contractor and its Personnel shall have no County employee-type benefits of any kind whatsoever, including without limitation, insurance, pension plan, vacation pay or sick pay, or other right or privilege afforded to County employees. The Contractor and its Personnel shall be responsible for payment of all insurance, taxes, and benefits.

SECTION 9. OWNERSHIP, CONFIDENTIAL INFORMATION AND BREACH

- 9.1. Ownership. Any and all data, reports, analyses, documents, photographs, pamphlets, plans, specifications, surveys, films, or any other materials created, prepared, produced, constructed, assembled, made performed, or otherwise produced by the Contractor or its Personnel for delivery to the County under this Contract shall be the sole and absolute property of the County. All such property shall constitute "work made for hire" as defined by the U.S. Copyright Act of 1976, 17 U.S.C § 101, and the ownership of the copyright and any other intellectual property rights in such property shall vest in the County at the time of its creation. Ownership of the intellectual property includes the right to copyright, patent, and register, and the ability to transfer these rights. Material the Contractor uses to perform this Contract that is not created, prepared, constructed, assembled, made, performed, or otherwise produced for or paid for by the County is owned by the Contractor and is not "work made for hire" within the terms of the Contract.
- 9.2. Confidential Information/Breach. The Contractor shall ensure that all personal identifying information, financial information, and other information submitted or made available to the Contractor by, or on behalf of, the County, or acquired or developed by the Contractor in the performance of the Contract (unless publicly available) is kept confidential, secured,

and protected to prevent unauthorized access. Such information will be utilized by the Contractor solely as necessary for the performance of Services under the Contract and not made available to any other person without the County's prior written consent. In the event of unauthorized access or other security breach, the Contractor shall immediately notify the Contract Representative and shall at its sole expense comply with all requirements of RCW 19.255.010, in effect at any given time. Upon expiration or termination of the Contract, all confidential information shall be returned to the County or destroyed at the County's discretion.

SECTION 10. REPRESENTATIONS AND RECORDS

- 10.1. No Fee. The Contractor certifies it has not received, nor paid or agreed to pay, another person or entity, other than a bona fide employee working exclusively for the Contractor, any fee, commission, percentage, gift, or any other consideration contingent upon or resulting from the award or making of the Contract.
- 10.2. Licenses, Permits and Taxes. The Contractor shall, at its own expense, have and maintain all licenses, registrations, permits, and approvals necessary for the performance of the Contract, including without limitation, registration with the Washington State Department of Revenue. The Contractor shall pay all fees (including licensing fees) and applicable federal, state, and local taxes.

- 10.5. Public Records. The Contractor agrees that the Contract and all records associated with the Contract shall be available to the County for inspection and copying by the public pursuant to the Public Records Act, Chapter 42.56 RCW ("Act"). If the County determines that records in the custody of the Contractor are needed to respond to a request under the Act, the Contractor shall make all such records promptly available to the County at no cost to the County. With the exception of the Contract, if the Contractor considers any portion of any record, electronic or hard copy, to be protected from disclosure under the Act, the Contractor shall clearly identify all specific information it claims to be confidential or proprietary. If the County receives a request under the Act to inspect or copy proprietary information that has been identified by the Contractor as protected from disclosure and the County determines that release of the information is required by the Act or otherwise appropriate, the County's sole obligation will be to make a reasonable effort to notify the Contractor of the request and the date that such protected information will be released unless the Contractor obtains a court order to enjoin disclosure pursuant to RCW 42.56.540. If the Contractor fails to timely obtain a court order enjoining disclosure, the County will release the requested information on the date specified. The County has no obligation on behalf of the Contractor to claim any exemption from disclosure under the Act. The County will not be liable to the Contractor for releasing records pursuant to the Act.
- 10.6. Advertising, Logo. The Contractor shall not use, advertise, or promote for commercial benefit information concerning the Contract or use any trade name, trademark, or logo of the County, without the County's prior written consent.
- 10.7. Audit and Record Retention. The Contractor and its Personnel shall retain all books, documents, and records relating to performance of the Contract and Services provided in connection with this Contract for six (6) years after completion of the Contract or longer if requested by the County. All records shall be subject to inspection and audit by the County. Upon request, the Contractor shall promptly make available to the County a legible copy of all books, documents, and records at no cost to the County.

SECTION 11. RIGHTS AND REMEDIES

- 11.1. Failure to Perform. If County determines the Contractor has failed to perform any material obligation of the Contract, and such failure has not been cured within ten (10) days' following notice from the County, the County may without penalty, in its discretion, withhold all monies due the Contractor until such failure is cured to the reasonable satisfaction of the County.
- 11.2. Right of Assurance. If the County in good faith has reason to believe the Contractor does not intend, or is unable to perform, or continue performing under the Contract, the County may demand in writing that the Contractor give a written assurance of intent to perform. Should the Contractor fail to provide adequate assurance to the reasonable satisfaction of the County, by the date specified the demand, the County may terminate all or part of the Contract and pursue all other rights and remedies available at law and in equity.

- 11.3. Responsibility for Errors. All Services shall be completed to the reasonable satisfaction of the County and as required herein. Upon request, the Contractor shall provide any clarifications and/or explanations regarding any Services provided as required by the County, at no additional cost to the County. In the event of an error or omission under the Contract, the Contractor shall, at no cost to the County, provide all necessary design drawings, estimates, and all other professional services the County deems necessary to rectify and correct the matter to the satisfaction of the County. The Contractor shall continue to be responsible for the accuracy of Services, even after the Work is accepted by the County and the termination or expiration of the Contract.
- 11.4. Remedies. All County rights and remedies under the Contract are in addition to, and shall in no way limit, any other rights and remedies that may be available to the County at law and in equity.
- 11.5. Right of Off-Set; Reimbursement. The County will be entitled to offset against any sums due the Contractor and to reimbursement from the Contractor for any damages, expenses, or costs incurred by the County due to the Contractor's nonconforming performance or failure to perform the Services under the Contract.
- 11.6. Waiver. Either party's failure to insist upon the strict performance of any provision of the Contract, or to exercise any right based upon a breach thereof or the acceptance of any performance during such breach, will not constitute a waiver of any right or remedy under the Contract unless expressly so agreed in writing by an authorized representative.
- 11.7. Breach. In the event of a material breach by the Contractor, the County may procure, on terms and in the manner that it deems appropriate, Services to replace those under the Contract. The Contractor shall be liable to the County for any and all costs, expenses, penalties, and fees incurred by the County in procuring such Services in substitution for those due from the Contractor under the Contract.
