

# 2024 Comprehensive Plan Update

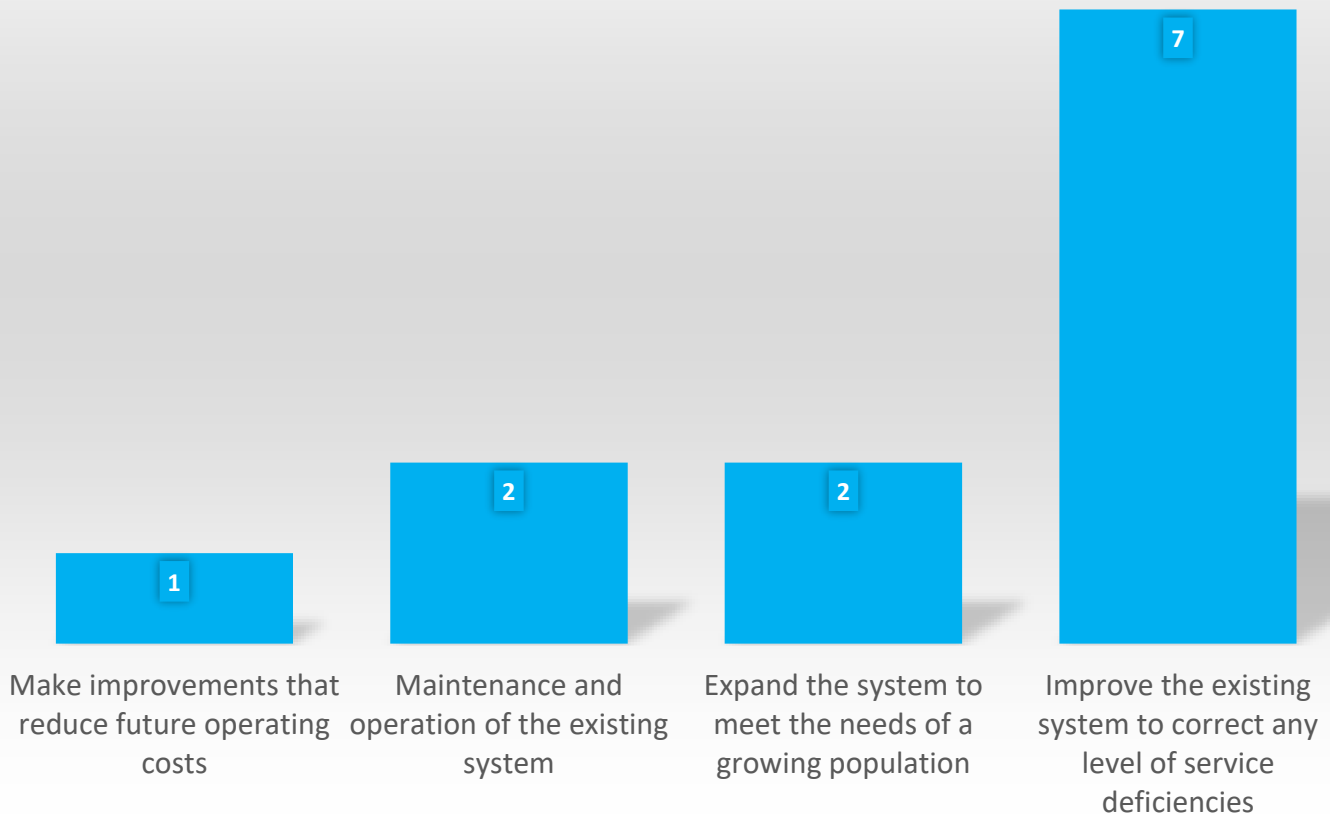

## Poll Results

### October 25, 6 pm Capital Facilities and Transportation Meeting

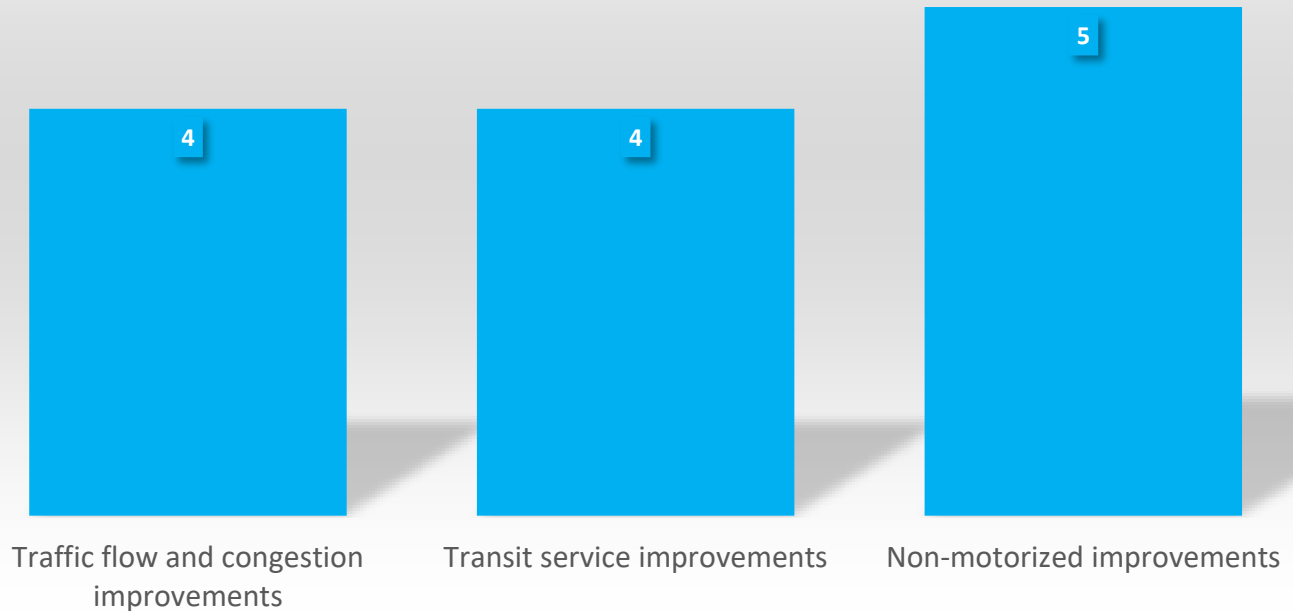

Approximately 15 participants answered a series of questions during our Capital Facilities and Transportation meeting, held via Zoom. Respondents could choose from a limited number of options and no questions were open-ended. Not all participants chose to answer every question. Data values, not percentages, are labeled in results below.

Participants identified the following funding priorities: improving the existing capital facilities system to address any level of service deficiencies and improving the safety of the existing transportation system.

**In consideration of limited financial resources for capital facilities needs, which of the following funding priorities should be given the greatest consideration?**

**In urban areas, which type of transportation facility improvements do you think will be needed the most over the next 20 years?**

**In consideration of limited financial resources for transportation projects, which of the following funding priorities should be given the greatest consideration?**
