

# Short-Term Vacation Rentals

## What are Short-Term Rentals?

Short-term rentals or vacation rentals are residential units rented out to guests for less than 30 days. Short-Term Rental (STR) Examples: furnished condominiums, townhomes, mother-in-law apartments, single-family homes, and bedrooms or suites in a home. In recent years, STRs have become popular and more widespread. The movement started out as a form of the “sharing economy” in which primary occupants temporarily shared part of their home and then broadened to renting out entire homes. Nowadays, hosts can easily put their places up for rent using a variety of conveniently available online tools. In Kitsap County, the prevalence of STRs has increased substantially.

## GROWTH

- Nationally, industry valued at \$32 billion and grew 800% since 2011.
- Airbnb’s share of Kitsap’s lodging tax doubled in 2016-17 to become the 3<sup>rd</sup> highest source to that fund.
- Why? Supplements host’s income, offers alternative to traditional lodging, and augments supply of tourist lodging units.

## Short-Term Rentals in Kitsap County

\*Pie chart and map information estimated as of October, 2018. Host Compliance data.

### COMMON ISSUES

Lack of building safety, liability/insurance, and consumer protection

STRs not paying taxes destabilizes the playing field for law-abiding lodging businesses

Shrinks long-term rental housing options

Can impact neighborhood character and quality of life (noise, litter, parking, shoreline intrusions)

### BOARD PRIORITIES

- ❖ Replace current regulations that are cost-prohibitive and overly burdensome to owners/operators.
- ❖ Ensure building safety of rentals.
- ❖ Develop Kitsap-specific response to real issues.
- ❖ Acknowledge differences in types of STRs and their impacts.
- ❖ Provide a clear, cost-effective and efficient process.
