The Carlisle II - Taken by Jeffery Lewis

The Carlisle II was built in 1917 and was one of the vessels serving the Puget Sound Mosquito Fleet. 100 years later, the Carlisle II continues to provide foot ferry service between Bremerton and Port Orchard as a part of Kitsap Transit and has been designated as a floating museum by the Washington Commission for the Humanities.

2016 marked another year of a strengthening real estate market throughout Kitsap County. Home sales were up as well as prices. Bainbridge Island again led the market with the largest appreciation. Assessed values also saw an increase over 2015. 2016 assessments increased an average of 14.95% over 2015 assessments on residential parcels and 9.04% on commercial parcels countywide. Development also continued to improve county wide with an increase of new construction value 46% higher over 2015 levels.

In 2016 many taxing districts sought funds through continuation/new levies/bonds. Bainbridge Island voters approved a new bond (2/9/2016) for their school district. The Bremerton School District had a new capital projects levy approved (2/9/2016) and the Central Kitsap School District had a bond as well as a new 3 year maintenance and operations levy approved.

2016 marked the first year of the increase in the income levels for seniors/disabled exemption programs. As a result of the \$5,000 increase in qualifying income levels, our office experienced a 53% increase in application volume as citizens sought tax relief. Fortunately, our office was well positioned for the increase in application volume and by the end of the year all applications had been processed.

As a result of the increase to qualifying income levels for the senior/disabled exemption the decision was made to evaluate our application approval process. We reviewed the entire process, identifying several efficiency improvement opportunities. Implementation of an enhanced work flow created enough efficiency gains for existing staff/resources to keep up with the increased workload. As a result of this improved process, our office was recognized by the Department of Revenue as a "Best Practice" for how to handle exemption applications.

In 2017 our office will complete physical inspections of the Central Kitsap area in the spring. Starting in August, our appraisers will begin inspecting properties in the Poulsbo area (see map on page 37). Those inspections should be completed in spring, 2018. Internally, we are collaborating with the Treasurer's Office to replace our taxation software and will begin testing in the fall. The new software should add some additional efficiency for staff in coming years. Similar to our improved version of Parcel Details in April 2016, look for improvements to our website in 2017 with additional resources becoming available to the public.

If there is anything our office can do to be of assistance, please feel free to contact us at 360-337-7160.

#### SENIOR CITIZEN AND DISABLED PERSONS EXEMPTION

RCW 84.36, WAC 458-16A

Tax relief for qualifying senior citizens and disabled persons is based upon the applicant's disposable income:

Income up to \$30,000 Exempt from voted levies and either a \$60,000 or 60%

reduction in assessed value, whichever is greater.

Income of \$30,001 - \$35,000 Exempt from voted levies and either a \$50,000 or a 35%

reduction in assessed value (not to exceed \$70,000),

whichever is greater.

Income of \$35,001 - \$40,000 Exempt from voted levies only.

"Income" is the combined disposable income of all co-tenants. It includes, for example, social security, retirement, disability pension, interest, and wages. It does not include non-reimbursed costs for prescription drugs, in-home care, nursing-home expenses, or Medicare premiums.

**Applicants must be** at least 61 years old as of December 31 of the year prior to the exemption **or** disabled from employment **or** 100% service connected disabled from the military. Verification is required for the disability exemption. Only one spouse is required to be 61 or older or disabled. However, if the qualifying spouse dies, the remaining spouse must be 57 or older to continue receiving the exemption.

The valuation of property subject to the exemption is frozen as of the date that the taxpayer first became eligible for the reduction.

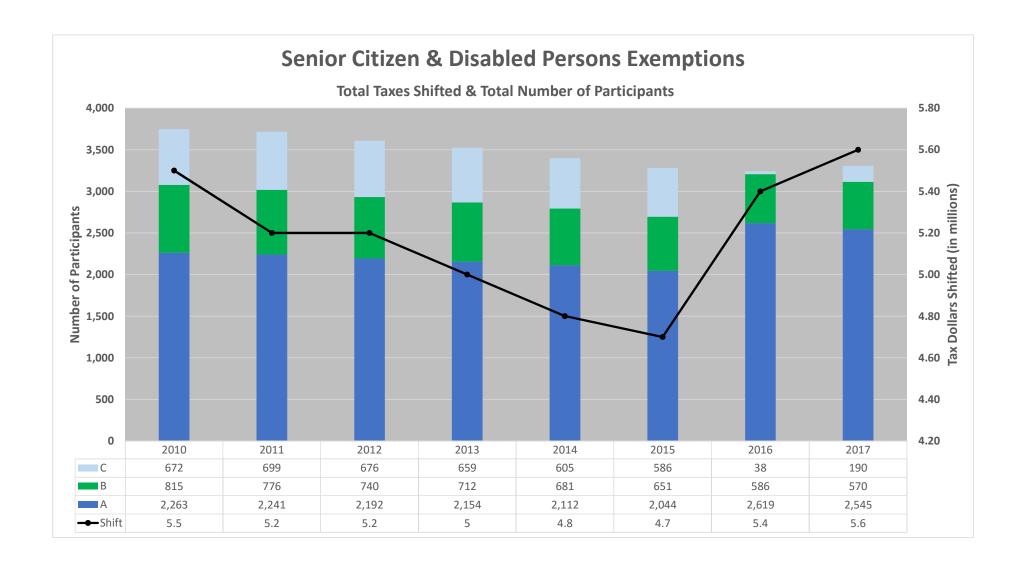

#### **COUNTY-WIDE IMPACT OF THE EXEMPTION**

Income level	No. of accounts	Reduction in Assessed Value	Tax Saved (shifted)
0 - \$30,000	2,545	337,777,647	\$4,495,915
\$30,001 - \$35,000	570	55,138,850	935,088
\$35,001 - \$40,000	190	5,071,735	218,666
Total	3,310	398,364,832	5,649,669

### **DEFERRAL PROGRAMS**

<u>Senior Citizen & Disabled Persons Deferral Program</u> - If you are at least 60 years old or disabled and your income is \$45,000 or less; you may qualify for this property tax deferral program. Unlike the exemption program, this program is not a reduction of your taxes but a postponement of taxes. If qualified, the State of Washington will pay the taxes on your behalf. When you sell your home or die, those taxes become due and payable from your estate, or at the time of ownership transfer.

<u>Property Tax Deferral</u> – This option has no age or disability requirement. If your income is \$57,000 or less, you may qualify for this property tax deferral program. You must have owned your home for more than 5 years. If you meet all of the qualifications, you can defer 50 percent of your annual taxes. The first half of your taxes, due in April, must be paid before you can apply for deferral of your 2<sup>nd</sup> installment due in October. The State of Washington would pay the 2<sup>nd</sup> half taxes on your behalf and lien your property similar to the above deferral program.

#### **CURRENT USE ASSESSMENT**

The Washington State Constitution provides for certain properties to be assessed on the basis of current use, rather than the more typical standard of highest and best use. The table below summarizes the impact in Kitsap County of each of the current use assessment programs.

	Parcels	Acres	Market Value	Current Use Value	Reduction	Tax Saved (Shifted)
Chapter 84.34 RCW	•					
Agricultural	225	2,042	76,690,800	43,165,520	33,525,280	363,209
Open Space	336	2,423	142,665,310	109,955,320	32,709,990	358,664
Total:	561	4,465	219,356,110	153,120,840	66,235,270	721,873
Chapter 84.33 RCW	,					
Forest Land*	2,416	44,503	200,266,560	8,834,617	191,431,943	2,006,876
Grand total	2,977	48,968	419,622,670	161,955,457	257,667,213	2,728,749

**Agricultural** lands are devoted primarily to the production of livestock or agricultural commodities. The current use value of ag land is based upon its productive capacity and USDA cash rent surveys

**Open Space** lands include properties whose present use enhances scenic, recreational, natural, or historic resources. The current use value of open space is a percentage of the highest and best use value, determined on a case-by-case basis by a public benefit rating system that is part of Kitsap County's Open Space Plan.

**Forest Land** is property 5 acres or more that is devoted primarily to the growth and commercial harvest of forest crops. The current use value is set by the Department of Revenue on a per-acre basis by soil type. Per Senate Bill 6180, the minimum acreage requirement changed from 20 to 5 acres; effective June 12, 2014. Thus, Kitsap County merged the Timber & Forest programs into one (Ordinance No. 514-2014).

\*Most forest land market value is not listed on the assessment roll. An estimated \$4,500 per acre is used for those parcels in this summary.

#### **CONSOLIDATED TAX CODE KEY**

In addition to the districts shown on the following table, taxable property in Kitsap County is subject to levies for the state school fund\*, county current expense, county conservation futures, Kitsap Regional Library and Public Utility District #1. Parcels situated in unincorporated areas also pay a county road levy. The rates shown apply to fully taxable property. A lesser rate will apply to parcels, which are subject to the senior citizen and/or disabled persons property tax exemption.

#### TIMBER EXCISE TAX INFORMATION RCW 84.33

Standing timber is exempt from the ad valorem property tax. In place of the property tax, timber harvesters must pay a five percent excise tax on the value of the timber **at the time it is harvested**. Tax revenues from timber harvested on **private** land go to both the state (General Fund) and county (local governments). The tax is actually composed of a four percent county tax and a one percent state tax. The tax is collected by the state Department of Revenue, and the county portion is distributed back to the county of origin each quarter after deducting administrative costs. The Treasurer then distributes the revenues to local taxing districts according to a formula prescribed in the law.

The Timber Assessed Value (TAV) is used both to determine each taxing district's share of the excise tax revenue and in setting property tax rates. The TAV serves as a substitute for the value that would be carried on the assessment roll if timber were still taxable as real property for all bond and excess levy calculations.

During the levy calculations, the TAV is used as part of the district's assessed valuation for the voted bonds and maintenance and operations (M&O) levies. By using the TAV, the budget amount is actually being partly paid by the timber excise revenues.

The law specifies that for <u>school M&O levies</u>, the levy calculation shall be based on either; 80% of calendar year 1983 timber roll value, <u>OR</u> one-half of the school district TAV; whichever is greater. This provision was intended to guarantee that school districts would get no less than they received under the old timber tax distribution system, which was based on the 1983 calendar year timber roll value. In Kitsap County most of the school M&O levy calculations will use one-half of the school district TAV. The **voted bond** levies will use the TAV.

The computed distribution for each taxing district is a target distribution amount. The amount is not guaranteed. Whether all districts actually receive the computed distribution amount will depend upon the amount of timber tax revenue collected for the county based on the amount of timber harvested. It is possible that actual timber tax revenues could be greater or less than the total of all the taxing districts' computed shares.

In the case of <u>voted bonds</u> and <u>school M&O</u>, the amount of property tax to be collected is reduced by the amount of the timber excise distribution. In all other cases, the timber excise distribution is added to the budgeted amount.

#### **CLASSES OF PROPERTY**

RCW 84.36.005 **Property Subject to Taxation.** All property now existing, or that is hereafter created or brought into this state, shall be subject to assessment and taxation for state, county, and other taxing district purposes...

Taxable property is divided into two classes. Real property includes land and all buildings, structures, and improvements to the land. Personal property includes machinery and equipment, fixtures, furniture, and other items that are movable in nature. Personal effects, which are not held for sale or commercial use, are not taxable.

#### **REAL PROPERTY**

#### Frequency of Valuation

State law requires that the Assessor maintain a systematic real property revaluation program. All property in Kitsap County is physically inspected at least once every six years. In addition, values are updated countywide on an annual basis by statistical analysis. If property in a particular area consistently sells for more or less than the assessed value, the assessment roll will be adjusted to reflect real estate market conditions in that area. If the character of property changes because of remodeling, additions, subdivisions, etc., a new valuation is determined.

#### Method of Valuation

The laws governing the tax appraisal process in Washington State are based upon the same principles and procedures that are used throughout the appraisal profession. There are three basic approaches to the valuation of real property:

- The *MARKET APPROACH* involves comparison of a property with the characteristics of similar properties, which have recently been sold.
- The COST APPROACH involves estimating the replacement cost of a structure, and adjusting that estimate to account for depreciation.
- The INCOME APPROACH is an analysis of a property's value based on its capacity to generate revenue for the owner.

The appraiser may use all approaches that apply to a particular property.

#### PERSONAL PROPERTY

Every person, firm or corporation who owns taxable personal property must annually file a listing with the county assessor. Listings must be filed on or before April 30<sup>th</sup> to avoid penalty. The listing must include the year of purchase and total original cost of the assets by category. Personal property consists of business equipment, machinery and supplies, etc.

A penalty for late filing or failure to file will be applied unless provided a statement of reasonable cause. A notice of valuation is mailed to the taxpayer. The taxpayer may appeal the value to the Board of Equalization.

The taxes levied upon personal property become a lien on the date of assessment.

#### THE PROPERTY TAX PROCESS

#### **DETERMINATION OF ASSESSED VALUES**

The role of the Assessor's Office is to establish a value for all property for tax purposes. The Assessor is required by law to set that value at 100% of market value and to assure that all values are in equalization, as of the first day of January of the assessment year, except for new construction, which is valued as of July 31 of the assessment year. The assessment year is the year prior to the year in which taxes will be collected.

The Assessor does not *create* market value. The Assessor must estimate market value based on evidence in the real estate market. Market value is the price a willing buyer and seller would agree to under ordinary circumstances.

When the assessed value of a tax parcel is changed, the Assessor notifies the taxpayer by mail. If the taxpayer does not agree with the Assessor's determination, he or she may petition the Kitsap County Board of Equalization for a hearing.

#### ADOPTION OF TAXING DISTRICT BUDGETS

Each year the directors or commissioners of each taxing district meet in open session to determine the amount of taxes to be collected the following year. Public questions or comments are welcomed during this process. Once the budget has been adopted, the amount of taxes to be collected is certified to the County Commissioners.

#### **CERTIFICATION**

The County Commissioners certify the taxing district budgets in an open meeting. Using the assessed values determined in the process described above, the Assessor computes the levy rate required to raise the certified tax for each district, and ensures that none of the constitutional or statutory limitations is violated.

#### TAX EXTENSION

Once the budgets have been certified and the levy rates established the taxes are extended to all property within the boundaries of the respective districts. When this process is completed the amount of taxes that will be billed for each tax account is known.

#### COLLECTION

The Treasurer mails tax bills on February 14 of the year in which they are collected. First-half property tax payments are due on April 30, and second-half payments are due on October 31. The receipts are distributed back to the various districts.

#### PROPERTY TAX LIMITS

**Regular Levies** are taxes that a district may impose each year without voter approval. Regular property tax levies are subject to several statutory and constitutional limits.

- The "levy lid" restricts the increase of the levy of individual taxing districts to one percent or to the implicit price deflator (whichever is lower). The base to which the increase is applied is the highest allowable levy since 1986. Amounts attributable to new construction and to increases in utility values are added to the allowed percentage increase. This law applies to a taxing district budget and not to individual properties. *RCW* 84.55.010. Under certain circumstances a district may exceed the levy limit with voter approval. *RCW* 84.55.050.
- The regular levy of a taxing district cannot exceed a statutory rate which is determined by the type of district. RCW 84.52.043(1):

County Current Expense	1.800
County Road	2.250
Cities*	3.600
Emergency Medical	.500
Fire	1.500
Hospital	.750
Library	.500
Metropolitan Park	.750
Port	.450
Public Utility District	.450
Parks	.600
State School (Statewide rate)	3.600
State School (Local rate)	Varies

<sup>\*</sup>Minus annexed Library and/or Fire District rate applicable.

- The aggregate regular levy rate of all senior and junior taxing districts (not including the state, port districts, public utility districts, emergency medical levies, and conservation futures) cannot exceed \$5.90. RCW 84.52.043(2).
- The aggregate of all regular levies (not including port and public utility districts) shall not exceed 1% of true and fair value. Washington State Constitution, Article VII, amended 1972 and RCW 84.52.050

Excess or Special Levies - Voters within a district may approve excess or special levies. These levies may be for maintenance and operation (M&O) or for construction of buildings or other facilities. M&O levies are generally limited to one year except for school districts and fire districts, which are permitted to vote on two to four-year levies. Levies to finance general obligation bonds for capital improvement purposes usually obligate the voters to pay annual principal and interest costs over a period of several years. Voter approved excess or special levies are over and above the statutory and constitutional limitations. Qualified senior/disabled persons are exempt from these levies. *RCW* 84.52.052

<u>Capital Fund Levies</u> - The use of school district capital projects was expanded to include technology. There is no limit on how many capital fund levies for technology a school district may impose at one time, but they are limited to six years. *RCW 84.52.053* 

#### **TAX RELIEF**

There are several tax relief opportunities provided by state law, including:

- Forest land designation, for parcels that are five acres or more and primarily used for the growing and harvesting of timber.
- Current use assessment for:
  - Farm & Agricultural land
  - Open Space (nature preserves)
- Three-year exemption for improvements to single-family dwellings.
- Adjustments to the valuation of destroyed property.
- Full or partial property tax exemptions and/or tax deferrals for:
  - Senior citizens
  - Disabled persons
- Limited income deferral of the second half of property taxes due
- Exemptions for qualifying property owned by non-profit organizations.

For information about any of these exemptions, contact the Assessor's Office.

#### APPEAL OF VALUATION

A property owner who feels that an error has been made in the valuation of his or her property should call the Assessor's Office and speak to an appraiser. The appraiser will examine the valuation of the property and may initiate further review. If still not satisfied, the property owner may appeal the valuation to the Kitsap County Board of Equalization. Petitions to the Board of Equalization must be submitted by July 1st of the assessment year, or within sixty days of the date a valuation notice is mailed, whichever is later.

The appeal process does not require an attorney, but evidence must be provided that the Assessor's valuation is incorrect. Property sales information is available for examination any time during our normal business hours and is also available on line.

Decisions of the Board of Equalization may be appealed to the State Board of Tax Appeals. A hearing examiner in Port Orchard generally hears the Board of Tax Appeals' cases.

#### FREQUENTLY ASKED QUESTIONS

1. How often does the county appraise my property?

All taxable property in Kitsap County is physically inspected at least once every six years. All valuations are subject to change on an annual basis if comparable sales indicate that the level of assessment in an area is either too high or too low.

2. If the house next-door sells to an out-of-state buyer for much more than it is worth, will it affect my assessed value?

Not necessarily, because a single property sale does not establish the market value for surrounding properties.

3. Do I have to let the county appraiser come into my house or onto my property?

No. In fact, it is generally not necessary for an appraiser to view the interior of a home that has been appraised previously. If access is refused, the appraiser must estimate the value of the property using whatever information he or she has available. Also see RCW 84.40.025, access to property required.

4. Is it possible to make a "ballpark estimate" of how much taxes will be on a piece of property that I am thinking about buying (or a structure that I might build)?

The average 2017 tax rate in Kitsap County is about \$11.51 per \$1000 of assessed value. Rates vary from area to area and from year to year, but multiplying the value or cost (per \$1000), by the average levy rate will provide a rough estimate of taxes.

Example:  $200,000 \times 11.51 / 1000 = $2,302$ 

5. What is the "levy lid" law?

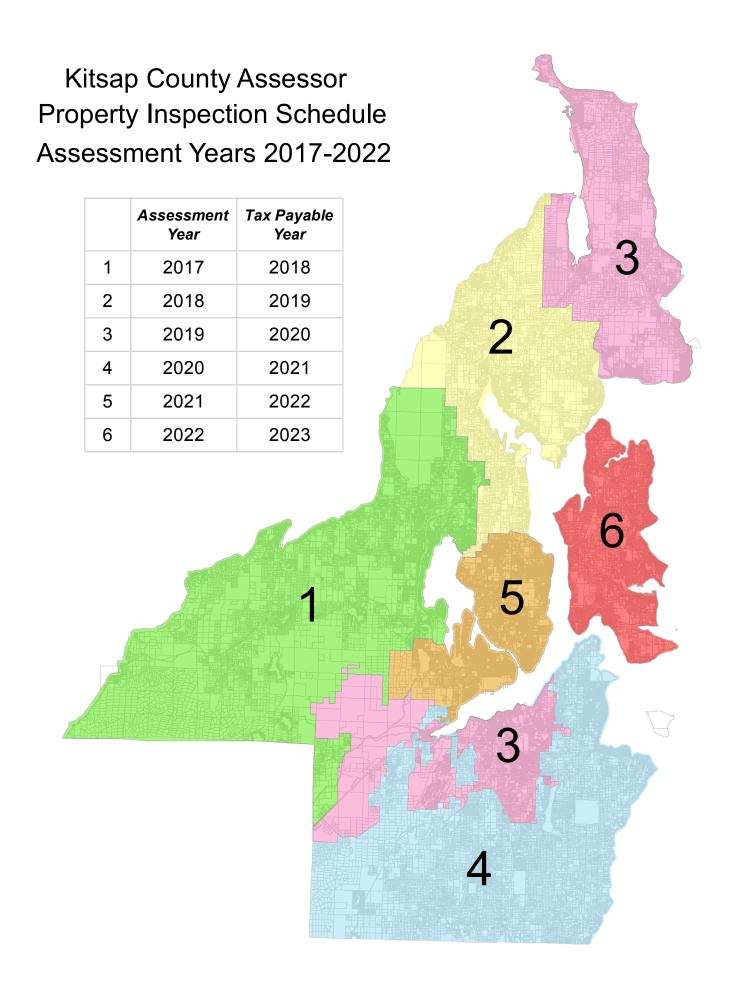

The regular property tax levy of a taxing district is limited to a one percent increase over the highest allowable levy since 1986, plus an amount that is attributable to new construction within the boundaries of the district. The lid does not apply to individual tax parcels.

6. What is personal property tax?

All machinery, equipment, supplies, etc that belong to a business are taxable, and are assessed as personal property. Household goods and personal effects are exempt from the property tax.
