Agape Unlimited
2022 - New Mental Health, Chemical Dependency and Therapeutic Court Programs

Summary

ID: 0000000026
Last submitted: Jun 24 2021 10:39 AM (PDT)

Eligibility/ Letter Of Intent Form

Completed - Jun 24 2021

The purpose of this letter is to express your intent to submit a New Grant Proposal for the 2022 Mental Health, Chemical Dependency and Therapeutic Court Program funding. In order to submit a proposal, this Letter of Intent must be submitted on time; however, it does not signify that the program must complete the proposal. Letter of Intent Due June 28, 2021 at 3:00 p.m.

Eligibility Requirements

Organization is a government entity; public or private nonprofit organization 501(c)(3); private for profit; or faith-based organization.

Yes

Project funds are used solely for the purpose of providing for the operation or delivery of chemical dependency or mental health treatment programs and services and for the operation or delivery of therapeutic court programs and services.

Yes

Organization had a representative at the Mandatory New Grant Proposer Conference.

Yes

Organization did not receive Mental Health, Chemical Dependency and Therapeutic Court Program funding for this project in 2021.

Yes

Organization meets requirements for providing behavioral health “treatment” services.

Organization is proposing to provide mental health, substance use disorder, co-occurring and/or problem and pathological gambling “treatment” services, and meets the requirements of chapter 388-877 WAC, applicable local and state rules, state and federal statutes, must be authorized, licensed and/or certified to provide these services, and/or subcontract with organizations or individuals authorized, licensed and/or certified to provide these services.

Or

Organization is proposing to provide mental health, substance use disorder, co-occurring and/or problem and pathological gambling “treatment” services and subcontracts with an agency who meets the requirements of chapter 388-877 WAC, applicable local and state rules, state and federal statutes, must be authorized, licensed and/or certified to provide these services, and/or subcontract with organizations or individuals authorized, licensed and/or certified to provide these services.

Or

Organization is proposing to provide mental health, substance use disorder, co-occurring and/or problem and pathological gambling “treatment” services and subcontracts with an individual who is licensed through the Washington State Department of Health as an advanced social worker, a licensed independent clinical social worker, a licensed mental health counselor, or a licensed marriage and family therapist. The individual meets the requirements of 18.225 RCW and practices within their scope of work.

Or

Organization is proposing to provide behavioral health services on the continuum of care that do not require licensure or certification as a “treatment” service.

Yes

Organization can meet all county requirements for contracting including insurance requirements, audit and financial requirements

Title of New Grant Proposal

Agape SUD Services/Communications/Safety

Estimated Funds Requested

\$22,000.00

Please check which strategic goal(s) the project addresses

Responses Selected:

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

New Grant Proposal Summary

Agape Unlimited provides substance use disorder treatment and ancillary services in Kitsap County. Agape has grown over the last 34 years and is requesting funds to purchase a larger/updated phone system and a closed circuit security system. We have outgrown our current communication systems (unable to add any additional phone lines) and we are in need of a closed circuit security system to keep our staff, participants and treatment center safe and secure.

Title of New Grant Proposal

Agape Treatment Navigator

Estimated Funds Requested

\$77,450.00

Please check which strategic goal(s) the project addresses

Responses Selected:

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

New Grant Proposal Summary

Agape Unlimited provides substance use disorder treatment and ancillary services. Agape is requesting funds to hire a fulltime treatment Navigator and costs for operational supplies. Agape has found that many clients have multiple barriers that prevent immediate access to much needed services. A navigator will assist in engagement and support other services not covered by traditional treatment services. This service will support clients in recovery and their ability to maintain a self-directed program of recovery.

Title of New Grant Proposal

Kitsap County Drug Court Alumni Association Giveback Program

Estimated Funds Requested

120,000

Please check which strategic goal(s) the project addresses

Responses Selected:

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

Reduce the number of people in Kitsap County who cycle through the criminal justice systems, including jails and prisons.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

Increase the number of stable housing options for chemically dependent and mentally ill residents of Kitsap County.

New Grant Proposal Summary

We are former drug court participants who have benefitted from receiving services from various state and county agencies. We want to express our gratitude by focusing on giving back to and in helping our community. We are seeking funding that would cover two major areas of need. The first, to provide clean and sober housing for drug court participants, and the second, to acquire a passenger van to be used in our pro social activities.

Title of New Grant Proposal

Eagle's Wings Coordinate Care

Estimated Funds Requested

250,000

Please check which strategic goal(s) the project addresses

Responses Selected:

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

Reduce the number of people in Kitsap County who cycle through the criminal justice systems, including jails and prisons.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

Increase the number of stable housing options for chemically dependent and mentally ill residents of Kitsap County.

New Grant Proposal Summary

Eagle's Wings provides affordable transitional housing and holistic care coordination services for some of Kitsap County's most difficult to serve populations. Our program is currently housing 84 individuals yet the needs of our community continue to grow. This funding would allow us to hire additional trained behavioral health staff to strengthen and stabilize clients with mental health and/or substance use disorders through case management, referrals, support, and advocacy.

Title of New Grant Proposal

Family Behavioral Health Intensive Therapeutic Wraparound for Non-Medicaid Covered Youth

Estimated Funds Requested

\$300,000

Please check which strategic goal(s) the project addresses

Responses Selected:

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

Reduce the number of people in Kitsap County who cycle through the criminal justice systems, including jails and prisons.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

New Grant Proposal Summary

Family Behavioral Health provides intensive, in-home behavioral health and wraparound for youth with Medicaid coverage. This includes peer support, 24/7 in-person crisis response, skilled therapists, and care coordination at times and locations most convenient for families. Impacts include improved outcomes in school engagement, family functioning, safety, decreased emergency and inpatient hospitalizations, law enforcement and juvenile justice encounters, and CPS involvement. This grant would extend capacity for non-Medicaid youth while identifying long-term sustainability options.

Title of New Grant Proposal

Fishline Counseling Services

Estimated Funds Requested

\$181,000

Please check which strategic goal(s) the project addresses

Responses Selected:

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

New Grant Proposal Summary

Fishline proposes implementation of Fishline Counseling Services, a behavioral health clinic, at its Comprehensive Services Center in North Kitsap. Law enforcement, navigation staff, and the City of Poulsbo have advocated for Fishline to host a qualified mental health clinician in order to meet local needs for affordable, short-term mental health care. Services will be available during Fishline's business hours at no charge. Appropriate referrals may be made to other mental health providers within the community.

Pendleton Place Services 2022

Estimated Funds Requested

\$262,500

Please check which strategic goal(s) the project addresses

Responses Selected:

Increase the number of stable housing options for chemically dependent and mentally ill residents of Kitsap County.

New Grant Proposal Summary

Pendleton Place is newly constructed 72-unit permanent supportive housing facility, located in Bremerton, prioritized to serve single homeless adult residents of Kitsap County, living with mental illness and/or substance use disorders. Funds will be used to provide 24/7 on-site supports including housing stability, life skills, and engagement in treatment services. This request represents 32% of total estimated services budget. Staff will be hired in early January and residents will move in beginning March 2022.

Olive Crest Therapeutic Resources

Estimated Funds Requested

\$400,000

Please check which strategic goal(s) the project addresses

Responses Selected:

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

New Grant Proposal Summary

We've observed a lack of quality, trauma informed counseling for foster youth in Kitsap County. There is a significant lack of availability of counseling in a timely manner. We propose hiring two trauma informed therapists to work specifically with foster youth. One will provide child therapy and the second will provide adolescent therapy. We desire to add availability of quality counseling to foster youth while maintaining high quality care and continuity of services.

Title of New Grant Proposal

Animal-Assisted Mental Health Counseling for Low-Income, Marginalized Kitsap County Families and Youth

Estimated Funds Requested

155,000

Please check which strategic goal(s) the project addresses

Responses Selected:

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

New Grant Proposal Summary

We help improve community health and wellbeing through low and no-cost animal and equine assisted therapy, self-development counseling, and mental health support services for vulnerable and marginalized children and families in Kitsap County. Our counselors conduct behavioral, emotional, and therapeutic support services both in-person and through telehealth and tele-academic coaching, coordinating with youths' doctors, education providers, and school staff, and improving parent-child communication strategies. Funds will hire an additional counselor to help with increased demand.

Title of New Grant Proposal

Too Cruel for School

Estimated Funds Requested

288,275

Please check which strategic goal(s) the project addresses

Responses Selected:

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

Reduce the number of people in Kitsap County who cycle through the criminal justice systems, including jails and prisons.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

New Grant Proposal Summary

PCHS has been providing direct mental health and substance use treatment services to school-based youth since 2018. With COVID, we have seen exponential increases in need for support as kids return to school due to social isolation, lack of stability, and renormalization. PCHS will hire additional professional staff for Central Kitsap and redistribute its current staff in Bremerton, South Kitsap, and North Mason to try to meet more identified youth needs in our region.

Title of New Grant Proposal

Community Outreach Specialist

Estimated Funds Requested

125,000

Please check which strategic goal(s) the project addresses

Responses Selected:

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

New Grant Proposal Summary

This program would fund a non-clinical, community outreach worker to provide support to individuals & impacted families, and to facilitate connection to clinical services. This position would coordinate with entities within the Suquamish Tribe and the larger community to connect with individuals in need of services. This position would also provide community-based client support to improve engagement and overall outcomes as well as attending community events, supporting harm reduction projects, etc.

West Sound Mental Health Wrap-Around

Estimated Funds Requested

231053.60

Please check which strategic goal(s) the project addresses

Responses Selected:

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

Reduce the number of people in Kitsap County who cycle through the criminal justice systems, including jails and prisons.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

Increase the number of stable housing options for chemically dependent and mentally ill residents of Kitsap County.

New Grant Proposal Summary

WSTC is applying for mental health funding for start-up funding for one year. This funding over 2022 will allow us to hire a Mental Health Professional, (2) peer support service professionals, and have a special pot of funding for needs that are assessed and approved by the MHP and Peer Support for the clients with the highest barriers/needs/ or those who are in crisis. Future years should be almost fully self-sustaining with insurance revenues.

Title of New Grant Proposal

YWCA Survivor Therapy Program

Estimated Funds Requested

\$193,706

Please check which strategic goal(s) the project addresses

Responses Selected:

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

Increase the number of stable housing options for chemically dependent and mentally ill residents of Kitsap County.

New Grant Proposal Summary

The YWCA of Kitsap County proposes to add access to mental health counseling for our clients who would benefit from therapy and assist in navigating the trauma recovery process. Our plan is to engage up to 4 certified mental health professionals who would be available 5 hours per week to meet with YWCA survivors of domestic violence and sexual assault . The YWCA would use the funds to pay those therapists for their professional services.
