REVISION OF KITSAP COUNTY

STORMWATER OPERATIONS & MAINTENANCE MANUAL

**Proposals Due
Tuesday, October 26, 2021 at 2:00PM**

Kitsap County developed and adopted its current Stormwater Operations & Maintenance Manual (O&M Manual) in 2016. To comply with the Permit, KCPW intends to update the current O&M Manual to ensure consistency with local and state regulatory and reference documents, as well as establish maintenance requirements for stormwater Best Management Practices (BMPs) that have been added to KCPW inventory since the original publication date. Per the Permit, the County is required to provide proof of these updates no later than June 30, 2022.

Therefore, Kitsap County Stormwater Division is soliciting proposals from consulting firms with experience in stormwater operations and maintenance manual development and/or revision.
