

For the Good of the Order

Tom Nevins

Sept. 4, 2018

This is a request of the Planning Commission consider the following “recommendations to the planning department for the adoption of official controls and/or amendments thereto” upon completion of Comp Plan amendment process.

- 1. The Kitsap Planning Commission recommends a change in the Boundary Line Adjustment procedures to include DCD review for compliance with Washington State and Kitsap County’s regulations, goals and policies.**
- 2. The Kitsap Planning Commission recommends a DCD determine projected mineral capacity and needs. (see Land Use Policy 78)**
- 3. The Kitsap Planning Commission recommends DCD design procedures to insure that MRO lands are restored to underlying zone conditions upon termination of mineral extraction.**
- 4. The Kitsap Planning Commission recommends design a mechanism to determine a time limit for MRO designation.**
- 5. The Kitsap Planning Commission recommends DCD consider an edit to Comp Plan Chapter 4 - Housing and Human Services Page 4-50/51**

“It is a vision of the County to allow flexible development standards for housing being proposed in the vicinity of critical areas to reach both goals of meeting housing targets and environmental protection.”

Amend to read:

~~It is a vision of the Kitsap County to allow~~ supports flexible development standards for housing ~~being~~ proposed in the vicinity of critical areas to reach both goals of meeting housing targets ~~and~~ with no net loss of environmental functions and values.
