

## DRUG AND ALCOHOL POLICY

### GENERAL STATEMENT

Kitsap County Government provides a vital public service to our community. Kitsap County is obligated and committed to maintaining a workplace that is alcohol and drug free, and to providing high standards of service for employees and the public within a healthy, safe, and efficient workplace.

While we are cognizant and respectful of employee individual rights to personal privacy and the right to lead private off-duty lives without employer interference, Kitsap County also recognizes that on and off-the-job use of alcohol and drugs can adversely affect job performance and the work environment, including posing a hazard to the safety and welfare of the affected employee, other employees or the public.

It is Kitsap County's policy to:

- Assure that employees have the ability to perform assigned duties in a safe, healthy, and productive manner;
- Create a workplace that is free from the adverse effects of drug and alcohol abuse or misuse;
- Prohibit the unlawful manufacture, distribution, possession or use of controlled substances in the workplace; and
- Assure that employees abide by the terms of the policy statement as a condition of employment.

Kitsap County's policy takes a hardline position against employees who use, possess, sell and manufacture illegal drugs, but also recognizes that alcohol and drug abuse are treatable conditions and offers a supportive framework for intervention and treatment services. We urge employees who believe they may have an alcohol or chemical dependency problem to seek treatment before job performance and employment is endangered.
