QUESTIONS AND RESPONSES

1. Question: During the job walk it was discussed only patches. The RFP calls for 1,500 sq feet. Should the bid be based on 1500 sq feet of coating?

Answer: The 1,500 square feet listed in the Scope of Work is an estimate only. The project requires the awarded Contractor to repair and recoat 'damaged and/or worn areas of the facility' and to integrate the new coating with undamaged and/or not worn areas of flooring.
