District Court Fund Type: General Fund

**District Court**Budget Change: \$749,145

\$3.89 M

#### **Purpose**

The District Court is a Court of Limited Jurisdiction and hears misdemeanor and gross misdemeanor crimes with a penalty of up to 364 days in jail and/or a \$5,000 fine; civil cases up to \$100,000; infractions; and small claims. The District Court Clerk's Office is charged with creating, preserving, and protecting the record of the court. Further, it administers, facilitates, and supports all court operations both in and out of the courtrooms.

#### Strategy

This court is well known for interpretation and implementation of justice reform and our efforts to preserve due process, impartiality and integrity. The Court is positioned to respond to new laws, court rules, and appellate court decisions which may require the court to update its operational methodologies. The court went live with a new case management system on August 14, 2023 which included a document generation tool and created a new attorney and public electronic filing system.

#### Results

The results of the Court's startegy is the timely and speedy resolution of all matters before the Court without compromising due process or justice.

**Probation** Budget Change: \$580

#### **Purpose**

Probation is responsible for monitoring the compliance of defendants, public defender screening, background and record checks, treatment resource and referral information, filing and service of Motions to Revoke, and deferred prosecution screening. When a defendant fails to provide proof of compliance, a Probation Monitor facilitate the filing of a Motion to Revoke and review hearing.

#### Strategy

Probation monitors compliance of court-ordered sanctions and other conditions of sentencing, and reports non-compliance to the Prosecutor and the Court. All conditions imposed at sentencing are objective/measurable, with the burden of proof of compliance on the defendant.

#### Results

Probation is consistent and predictable as are the consequences for non-compliance.

## Therapeutic Courts Budget Change: \$590

#### **Purpose**

The Behavioral Health Court program aims to provide resources, education, and judicial monitoring to help improve the quality of life for those with mental health and substance use disorders - reducing future involvement in the criminal justice system.

#### Strategy

Defendants assigned to the Behavioral Health Court are held accountable by enrolling in intensive treatment services and regular court hearings to monitor compliance with court-ordered conditions. The goal is to identify and mitigate the underlying behavior that contributed to or caused the criminal charge in the first place. THRIVE court participants are provided opportunities to participate in mental health and substance use treatment services to help them achieve rehabilitation and reintegrate in the community. Participants are monitored through regular court hearings where compliance is reviewed and goals are set.

#### Results

Behavioral Health Court participants utilize the resources and programs that they are provided in court to lessen the chance of recidivism, become more independent, and have an increased sense of well-being. THRIVE court participants utilize programs and resources to reduce the change of recidivism, improve public safety, increase participant wellbeing and promote independence and improve participant quality of life.

	more accurate representation of probation monitor workload.
Recidivism (BHC)	A new performance measure that shows how many graduates have not received a
	new criminal case within 18 months of graduation. So far this year 11 out of 14
	graduates have had no additional charges in the last 18 months.
THRIVE	One of the therapeutic courts. We are now tracking statistics for this court.

#### How does the organization measure its performance toward the County's strategic goals?

The court has 2 therapeutic courts that work to reform individual behaviors. Graduates of these courts have housing, jobs and make a difference in their communities.

Our probation monitors work with defendants on probation cases to ensure compliance with probation requirements such as anger management classes, substance use classes, etc.

The court participates annually in Law Day. Law Day is May 1<sup>st</sup> and on or around that date, the district court works with the superior court to present information about the law to anyone who wants to attend the event.

The court recently went live with a new case management system. This system has a portal which allows parties to file documents online into cases when it is convenient for them.

# How has the organization's staffing changed in the last five years and why? Please discuss vacancy, turnover and overtime if applicable.

COVID resulted in a loss of staff for the district court. Since then, we have been working to hire and gain additional staff to help with the increasing workload. Recently the county commissioners approved a restructure for the district court. This resulted in some positions being reclassified to help create a structure where staff could gain knowledge and promote. We are currently filling those vacancies. The court needs additional judicial help in the form of a court commissioner to help with backlog that was created by the COVID pandemic. We have been able to utilize vacancy savings to pay overtime for staff to work on the backlog of civil cases created by the pandemic. While this has been successful to date, it has created further issues since judges are spending their time on immediate matters and there is not additional judicial time to catch up on the civil backlog.

#### How does the organization monitor remote employee productivity and ensure accountability?

The court does not utilize regular remote employees. If an employee has an occasional reason to work from home, specific tasks are given to the employee for completion. Work is monitored by and quality checked by a court clerk lead.

## What changes would the organization need to make if it were necessary to implement budget reductions of 10% in 2025?

The court would need to review its caseload, backlog and upcoming matters to see what changes would need to be made if budget reductions were necessary.

Please discuss any non-essential functions that the organization provides beyond mandated services?

# Are there any initiatives in place to enhance employee engagement and satisfaction, and/or retention strategies to reduce turnover and associated hiring costs?

The court's recent restructuring gives staff an opportunity for promotion within the court. Entry level clerks now have steps to move into supervision and management. The court utilizes team building strategies to enhance employee engagement and satisfaction.

#### What emerging challenges do you expect the organization to face in the next three years?

Frequent and changing legislation provides challenges to the court as we work to comply with new rules as they become active. Increased caseload provides challenges when staff and judicial officers positions are not increased to meet the increase in the workload.
