GROWTH MANAGEMENT ACT

14 goals to “balance”

- Urban Growth
- Reduce Sprawl
- Transportation
- Housing
- Economic Development
- Property Rights
- Permits
- Resource Lands
- Open Space/Recreation
- Environment
- Citizen Participation
- Public Facilities/Services
- Historic Preservation
- Shorelines

No priority order. Balancing based on “local circumstances”.

GMA'S CORE CONCEPTS

Three main types of land: Urban, Rural and Resource

- **Urban:** Growth focused. Dense housing, shopping, jobs
- **Rural:** Protected from growth. Large properties, rural jobs, limited commercial.
- **Resource:** Protected from all development. Timber, agriculture, mining.

Urban services (sewer, sidewalks, multi-family housing) limited to urban boundaries (UGAs).

Urban services generally prohibited in rural and resource lands (sewer).

REGIONAL PLANS

VISION 2050 - Puget Sound Regional Council

VISION 2050 guides planning in Kitsap, Snohomish, King and Pierce Counties.
Establishes population and employment targets

Countywide Planning Policies - Kitsap Regional Coordinating Council

Guiding document for County and city planning and local transportation funding.
GMA requires consistency.

COMPREHENSIVE PLAN ELEMENTS

- **Land Use (Zoning and UGA Sizing)**
- **Economic Development – (Employment)**
- **Environment (Critical Areas and Shorelines)**
- **Transportation (Roads and Transit)**
- **Parks, Recreation and Open Space**
- **Capital Facilities (Utilities, Buildings, Services)**
- **Housing and Human Services**
- **Sub-Area/Neighborhood Plans**

MAIN TOPICS

- **Accommodating Growth** – People and Jobs – Where and How
- **Housing Diversity** – Multi-Family Focus – State Guidance
- **Silverdale Regional Center** – Increased Housing and Employment Opportunities
- **Kingston Countywide Center** – Increasing Densities and Employment – Maintaining Character
- **Climate Change** – GHG, Sea Level Rise, Wildfires
- **UGA Expansions/Rural Rezones** – Housing Diversity and Multi-Family Focus Impacts Opportunities

ALTERNATIVE DEVELOPMENT

- **Menu approach** – No one alternative is THE recommendation
- **Tests various strategies** – How they accommodate growth targets
- **Used to determine environmental impacts and capital facilities needs.** Water quality, wetlands, streams and other impacts. Road, sewer, schools and other needs.
- **Assesses Reclassification Requests based on consistency with GMA.** Non-compliant requests or rural spot zones proposed for exclusion.
- **Just the starting point.** Public outreach and comment will help mold the menu for Board consideration.

ALTERNATIVE 1

“NO ACTION”

- Assumes the current land use, urban growth area sizes and configurations, zoning and development regulations remain unchanged.
- Establishes a baseline of environmental impacts and capital facilities needs based upon no proposed changes.

ALTERNATIVE 2

“COMPACT GROWTH/URBAN CENTER FOCUS”

- “Bending the trend” of past growth patterns.
- Focuses new growth around high-capacity transit facilities and routes (ferries and bus lines).
- Growth promoted in the downtowns of Silverdale and Kingston (centers) and the urban areas surrounding Bremerton, Port Orchard and Poulsbo.
- Increases housing diversity by encouraging higher densities and vertical construction in areas of infill or redevelopment.
- Reduces pressure of growth in rural areas by keeping UGA boundaries limited.

ALTERNATIVE 2

FEATURES AND POLICY INITIATIVES

- Generally, meets population and employment growth
- Increases housing diversity by promoting multi-family and missing middle housing. Limited additional single-family capacity added.
- Property tax programs, expedited permitting and regulatory flexibility to incentivize development in centers.
- No alterations to rural uses and densities
- Transit increased to 30-minute frequencies and within urban centers.
- Tree replacement and expansion of electric charging required. Bike-lanes and sidewalks expanded.

ALTERNATIVE 3

“DISPERSED GROWTH FOCUS”

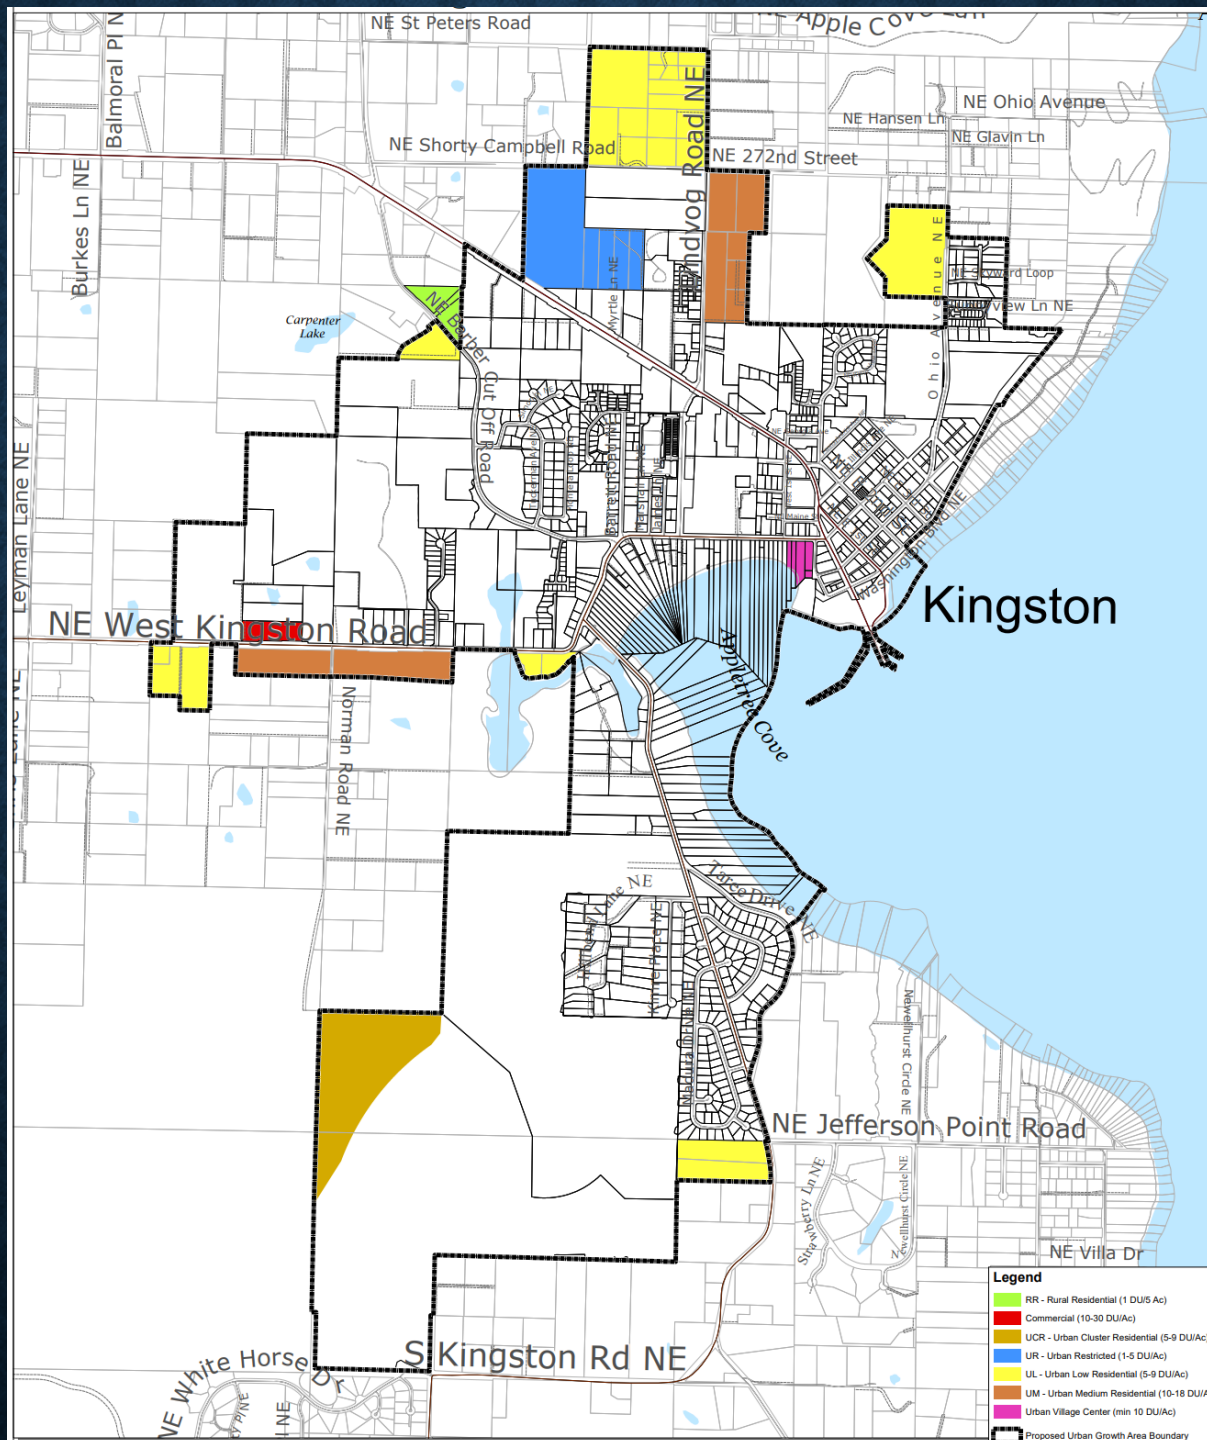

- Generally based on past growth trends, housing and employment types.
- Housing is focused on single-family construction.
- Requires more urban land to meet growth targets.
- Allows some additional development of homes and businesses in rural areas.
- Assumes the impacts of new policies and regulations that may require more land for development in urban areas.

ALTERNATIVE 3

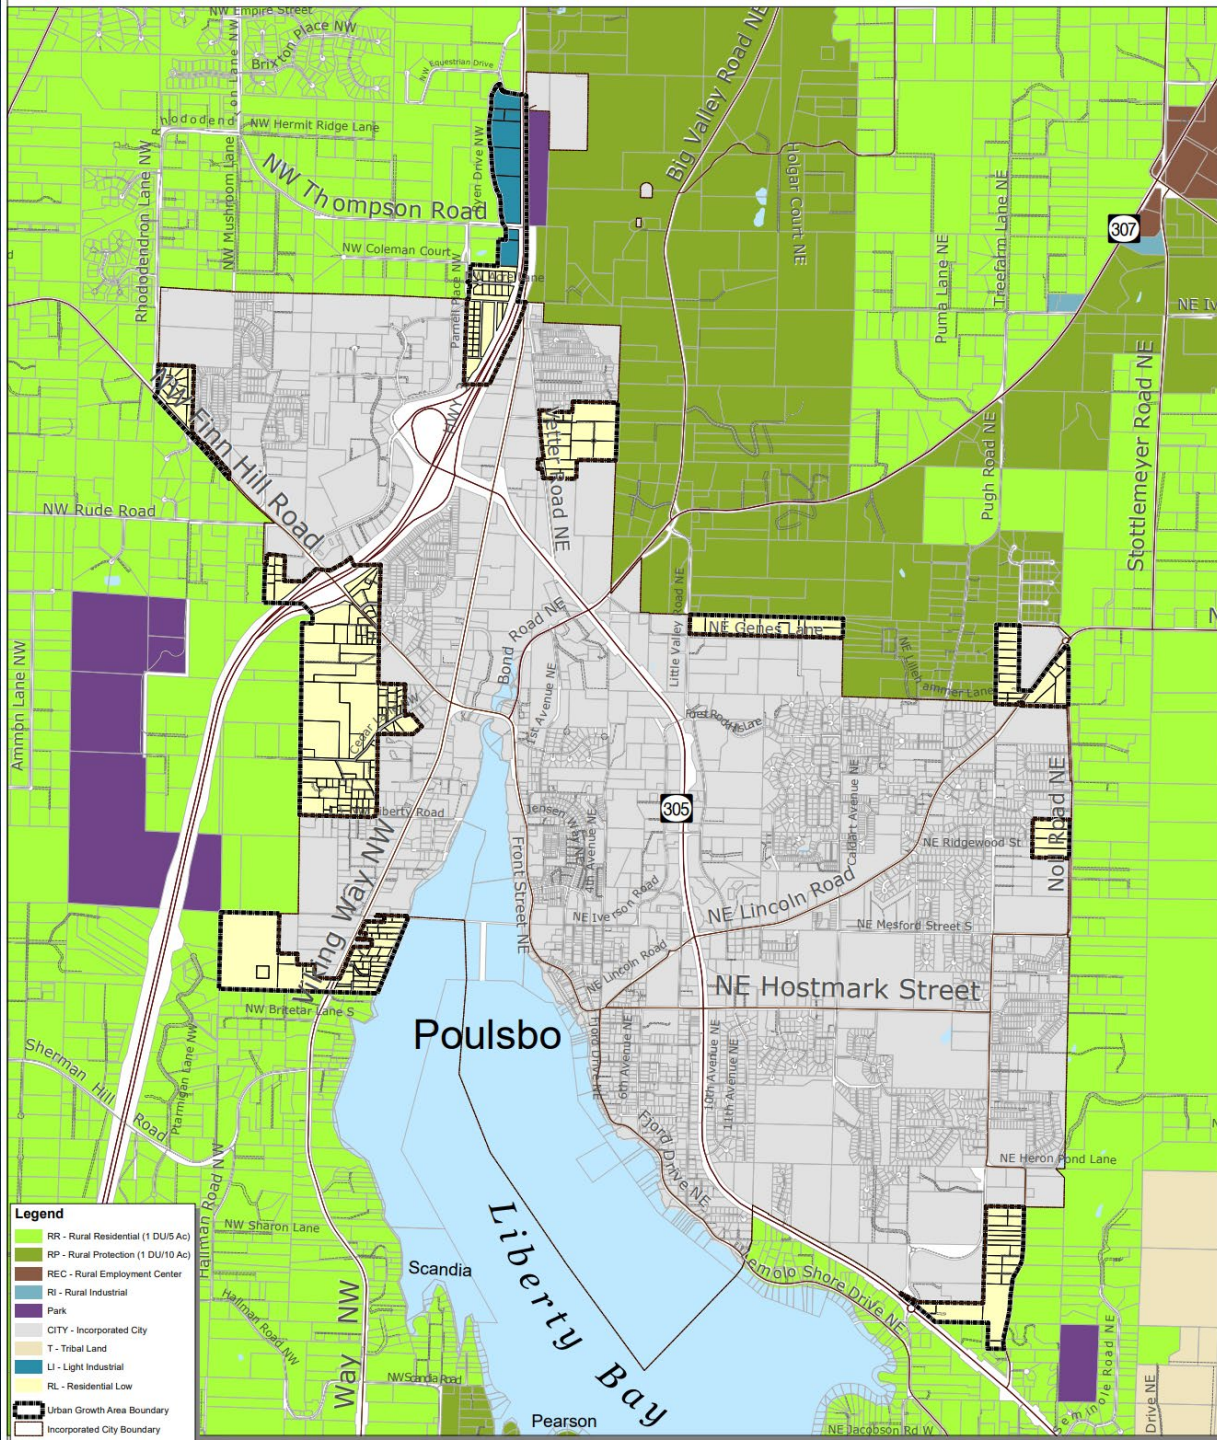

FEATURES AND POLICY INITIATIVES

- Generally, exceeds population and meets employment growth
- No additional incentives for housing diversity.
- Transit and non-motorized opportunities remain at current planned levels.
- Tree retention (%) required in development.
- Reduced impervious surface limits in Urban Restricted and Greenbelt zones.
